

Every space tells a story.

Every child writes their own.

Transforming Early Years practice through purposeful environments,
inspiring pedagogy and meaningful professional learning.

Anum Fawad

Early Years Leader | Learning Environment & Pedagogy Consultant

Empowering educators. Inspiring children. Transforming practice.

Welcome

Thank you for taking the time to explore my Professional Learning Brochure.

I believe that every Early Years environment has the power to inspire curiosity, nurture communication and create meaningful learning experiences. My professional development workshops are practical, engaging and tailored to the unique needs of every setting. Each workshop is designed to equip educators with strategies they can implement immediately, creating lasting impact for children, practitioners and whole-school practice.

I look forward to supporting your team on their professional learning journey.

Let's work together to create spaces where children thrive.

About Me ♡

Hello, I'm Anum Fawad.

I am an Early Years Leader, Teacher Educator and Conference Speaker with over fourteen years of experience in Early Years education. I am passionate about creating inspiring learning environments, developing educators and supporting schools to build meaningful, play-based experiences for young children.

I currently serve as Foundation Stage Year Leader at Kings' School Dubai, leading one of the largest Foundation Stage teams within Kings Education. Alongside this, I work as a Learning Environment Specialist, supporting teams through professional development, learning walks, coaching and curriculum development.

I believe professional learning should be practical, engaging and immediately applicable. Every workshop I deliver is tailored to the needs of each setting, ensuring educators leave feeling inspired, confident and equipped with strategies they can implement straight away.

My philosophy is simple:

*"Every space tells a story.
Every child writes their own." ♡*

Giving Back - Creating Lasting Impact ♥

I believe every child deserves an inspiring education, and every educator deserves access to high-quality professional learning. That's why a percentage of every training and consultancy booking is reinvested into educational initiatives in Pakistan, supporting education for girls and for providing professional development opportunities in schools for underprivileged children.
